

SPECIFICATIONS: Watermiser Waterbroom

U.S. Patent 7,063,281

- Design uses the Venturi effect (a combination of air and water) allowing cleaned area to dry in minutes.
- Saves up to 75% of water used for cleaning compared to a pressure washer or hose and nozzle.
- Heavy-duty aluminum construction.
- Food grade approved wheels for restaurants, food plants, dairies, etc.
- Solid brass jets and fittings
- No mechanical parts to maintain
- Can use hot water to cut thru grease and grime
- Effectively works with water pressure up to 180 PSI
- Reduces Labor by increased Productivity and Efficiencies
- Available in 4 sizes
- Achieves superior performance on surfaces that require wash-down
- Virtually eliminates urban runoff
- Will not harm pavers, epoxy floor finishes, court coatings, asphalt or concrete
- 5-year, limited warranty
