U.S. Pat No. # 7,063,281

Waterbroom

- Exceptional savings:
 - Reduces water used for cleaning by up to 75%
 - Reduces time spent cleaning by at least 50%
- Built with lightweight aircraft-strength aluminum
- Uses “QuickConnect” hose connections
- Casters are heavy duty food-grade quality
- Can use hot water to cut through grease and grime
- Effectively works with water pressure up to 180 PSI
- Available in following sizes:
 - 21” - 4 Jets 2.0 gpm
 - 31” - 6 Jets 3.0 gpm
 - 36” - 7 Jets 3.4 gpm
 - 46” - 9 Jets 4.5 gpm

5 Second Toilet Leak Detector

- Patented process designed to test any toilet or urinal for leaks in just 5 seconds:
- Delivers considerable labor and water savings
- Simple and non-intrusive testing process – tests toilets without removing toilet tank covers
- Non-toxic and bio-degradable
- Can test any brand of toilet or urinal – unlike dye tablets which can take up to 10 minutes to be effective and do not work on urinals or tankless toilets

U.S. Pat No. # 6,715,165
